Newsletter 29/04 September 2026

Dear Parents/Guardians

We are through the first week of September already and we desperately need the renewal that comes with Spring. Let's hope for a pleasant weekend with some warmer temperatures that comes with Spring...

Please take note of the following important matters:

SICK CHILDREN:

We are dealing with a huge number of sick children sent to school on a daily basis. Those children normally infect other children who become sick as well. At this stage we have many children who suffer from a stomach bug as well as excessive vomiting. It is a huge problem to deal with sick children at school. **PLEASE KEEP SICK CHILDREN AT HOME.** We cannot continue to phone parents shortly after school has started to fetch sick children from school. We are regularly informed by parents that the sick child was sent to school because there is no supervision at home. We are told to just look after the sick child. I feel that the approach is unacceptable as the child's parents are responsible for the health and safety of their children. We are not equipped to have sick children at school.

Many children complain of headache or a sore tummy and want the secretaries to phone their parents to fetch them from school. Many of those children did not prepare for assessments or did not do their homework and want a way out of class. In future we are not going to phone parents to fetch children with headaches and stomach aches. Once again, **PLEASE KEEP SICK CHILDREN AT HOME...**
